

Quality and Environmental Policy

Metalúrgica PROGRESSO, a company established in 1953, has collected a vast history, both technical and cultural, that it intends to improve and adapt to the new socio economical conditions, without losing the essential values regarding its ethical, environmental, and social responsibility.

The company has an integrated Quality and Environmental Management system, in accordance with NP EN ISO 9001 and NP EN ISO 14001 standards, according to which the following strategical objectives are established:

- To enable the continual improvement of the Management System and of its efficacy, devising and defining, annually, the management programs, objectives, goals, and responsibilities.
- To meet all compliance obligations and other applicable requirements.
- To prevent environmental and quality non-conformance.
- To undertake the revision of the Policy and of its objectives, annually, taking into account the success obtained and the new challenges faced by the Company.
- To make the Policy available to all interested parties, including the people that work for the organization, or in its behalf.
- To conduct our activities focusing on the satisfaction of the interested parties, promoting environmental preservation and pollution prevention. To encourage and promote innovative ideas that contribute to the improvement of said satisfaction.
- To promote the efficiency in the use of available resources and to improve sustainability and the involvement of all interested parties.
- To foster the continuous improvement of working conditions, as well as the development and performance of the workers, with the intention of trying to elevate their levels of satisfaction and motivation, besides acknowledging and rewarding individual performance.
- To promote our products, services, and activities, supported by the mutual trust and satisfaction of all interested parties, in the fulfilment of the agreed-upon requirements and that they meet their expectations.
